MINERAN INFLUENCE

PN Burrows uncovers the deadly aliens
that threaten to take over the world

"You are all unpredictably dangerous and you will turn on the rest of the universe..."

PN Burrows' fast-paced, imaginative science fiction thriller, *Mineran Influence*, draws the reader into new worlds and cultures from the opening page. Thus, the first book in this 'Mineran' questions how ex-soldier, Sam, reacts when he stumbles across a mysterious alien presence in rural Wales. Join him on his journey as he comes face to face with his greatest challenge yet...

Whilst questioning his beliefs and everything he has been previously told, Sam soon finds himself embroiled in intrigue, alien technology, assassination attempts and conflicts that threaten more than his own life. Despite meeting new friends, he is quickly caught up in a web of intrigue as he seeks the truth behind the deadly alien life forms.

Learning that there is much more in the universe than ordinarily thought, Sam embarks on a journey that will change him forever...
